

BMFA

Cornwall Sub-Area

6 Copes Gardens,
Truro,
Cornwall.
23rd June 2014.

AREA MEETING

You are hereby invited to attend an Area meeting that will be held at the Clock & Key Inn, Trispen, Truro on Friday 11th July, commencing at 7.00pm..

The purpose of this meeting will be to receive advice from our delegate Pete Disney concerning items that are to be discussed at Leicester relating to the future of the B.M.F.A.'s Area structure, which can be summarised as:

- a. Discussion on the future of Areas and how to achieve best practice.
- b. Areas perception of key strengths, weaknesses, opportunities for improvement, and threats to the future of the B.M.F.A.
- c. Discussion on the recent B.M.F.A. survey, especially in the light of the loss of Church Fenton and the restrictions to casual use of Barkston Heath.

As many of you will be aware, the Areas Council was suspended last year in an effort to reduce costs and the travelling incurred by the various delegates, like Pete, who attended from around the country; our colleagues at Leicester are now asking for advice and guidance from around the country on how this important aspect of our society should proceed, and what we as regions expect or require.

This meeting is vitally important not just to our own county structure but to the future of the B.M.F.A. itself and your clubs contribution can help to shape the future of our governing body for many years to come, therefore please give this some thought, come and take part and help to send Pete back with a clear understanding of our thoughts on these matters.

In addition to discussion of the principal matters we will, of course, have time to discuss any other items that are of concern to you in the normal way,

Yours Sincerely,

Paul Greet.

Secretary.
